

All programs have been accredited through the Board, consistent with the *Accreditation of Initial Teacher Education Programs in Australia: Standards and Procedures*.

National accreditation of initial teacher education courses

The final report from TEMAG – *Action Now: Classroom Ready* was presented on December 8 2014 and presented 5 key proposals containing 38 recommendations.

Consultation at local and national levels has focused on some areas which are seen as the main elements of the recommendations:

- Impact of Evidence;
- Evidence guidelines;
- Stage 1 & Stage 2 accreditation;
- Primary specialisation;
- Literacy and numeracy competence of graduates.

The Literacy and Numeracy Test for Initial Teacher Education (LANTITE) was introduced to facilitate meeting program Standard 3.1 which states that “*all entrants to ITE will successfully demonstrate their capacity to engage effectively with a rigorous higher education program and to carry out the intellectual demands of teaching itself. To achieve this, it is expected that applicants’ levels of personal literacy and numeracy should be broadly equivalent to those of the top 30% of the population*”. Demonstrating the top 30% has generated debate and varying definitions. The LANTITE has been developed to benchmark the top 30%. Trials of the test were run in 2014 and 2015 with implementation due in 2016. All graduates of Initial Teacher Education courses will be expected to pass the test before graduation.

The impact of, and the consequent implementation of the recommendations will be released later in 2015 but the focus of the recommendations remains: to improve teacher quality which ultimately leads to higher quality outcomes for students, by adding greater rigour to initial teacher education courses.

The Northern Territory participated in a national survey and annual review of panel processes, held in Melbourne in June 2015. The purpose of the review was to look closely at the processes of accreditation and the roles of panel members from the perspective of a range of stakeholders and from across all jurisdictions as aligned to the recommendations of TEMAG. The results of the survey will inform future development of accreditation processes.

Standards and Professional Learning

Strategic Objective

To develop and improve professional teaching standards and facilitate and support the continuing competence of teachers in the Northern Territory against the standards of practice for the profession.

Goals

- Promote and develop the competencies of teachers during the early stages of their careers;
- Promote the importance of ongoing professional learning against the standards of professional practice;
- Research and promote quality practice;
- Participate in the development and implementation of Australian Professional Standards for Teachers.

Standards and Professional Learning Committee

The Standards and Professional Learning Committee fulfils the functions of the Board under the provisions of section 11(e), (f), (g), (h) and (i) of the Act. The Committee's terms of reference are listed below:

- Make recommendations to the Board on the maintenance of the Standards of Professional Practice on entry and for continuing membership of the profession;
- Make recommendations on the development and maintenance of policies and guidelines for Provisional Registration, Full Registration and registration renewal requirements;
- Engage with the profession through workshops and other professional learning activities related to the maintenance of the professional standards;
- Provide advice related to developing a Professional Learning Framework for the purposes of continuing education and professional development for teachers; and
- Advise on research and promotion of quality practice in teaching in the Northern Territory.

Meetings

Two meetings were held during 2014-2015 as follows:

23 September 2014

29 April 2015

Provisional Registration

Provisionally registered teachers have access to a range of support material available on the Board website, including an Information Guide. They continue to be supported through information sessions as required.

Online presentations are currently being developed to service those who cannot access face to face presentations, particularly provisionally registered teachers in remote areas.

Full Registration

The Board worked closely with employers and fully registered teachers to provide information on maintaining Full Registration. The online application for Renewal of Full Registration relates to currency of practice, professional learning and continued fitness to teach. Renewal ensures that teachers continue to enhance, renew, develop or change skills to meet the needs of their students which ultimately leads to better quality outcomes in the classroom. The Board has extended the definition of practice to include teachers who may not be working in a classroom or with students directly, but through their practice, are contributing directly to the educative process. The Equivalent Practice and Educational Leadership paper gives value to the work of teachers outside of the traditional classroom setting and encompasses those whose work still has a direct relationship with the Australian Professional Standards for Teachers and Principal Standards and the approved curriculum.

A range of support materials have been developed and are available on the TRB website. A range of forums have been conducted throughout the Territory to assist teachers with the process of renewal and to address concerns about continuing registration if requirements are not met.

The audit process will commence in 2016. Critical areas being considered by the Committee and presented to the Board include: presentation of evidence; continued employability of a teacher if they have not met requirements to renew Full Registration; construction of audit panels, and the process of auditing a teacher's evidence.

Australian Professional Standards for Teachers

Work continues on providing information and clarity on the teaching practice as measured against the Australian Professional Standards for Teachers, particularly in the area of evidence. The Australian Professional Standards for Teachers are embedded in teachers' practice and teachers are using the Standards more extensively to develop and guide their practice.

Professional Conduct Reference Committee

The Professional Conduct Reference Committee considers issues pertaining to Part 6 of the Act (disciplinary proceedings). The Board provides guidance to the Committee regarding matters to be researched and discussed and the development of guidelines and policies regarding topics relevant to professional conduct.

The ongoing maintenance of the Code of Ethics by the profession provides a means of clearly identifying and communicating the core values that underpin the professional standards for teaching.

Meetings

Two meetings were held during 2014-2015 as follows:

11 December 2014
19 February 2015

In 2014-15, the Employer Reference Committee revised the Terms of Reference to ensure they remain relevant to the work of the Committee. The Committee focussed on developing understanding of the employer processes for managing issues of competency in relation to the Australian Professional Standards for Teachers and was instrumental in the development of a new notification form, used to guide employer notifications to the Board.

OFFICE OF THE TEACHER REGISTRATION BOARD

Australasian Teacher Regulatory Authorities (ATRA) Network meetings

Regular network meetings across key areas of regulation and nationally consistent processes provide an opportunity for key team members to access valuable networking and learning forums.

The following networks were active during 2014-15:

- Senior Registration and Assessment Officers Network 1 interstate meeting
- ICT Network 1 interstate meeting
- Initial Teacher Education Network 2 interstate meetings
- Professional Conduct and Legal Network (Director TRBNT Convenor) 1 interstate meeting
- Certification Authority Network 2 interstate meetings
- Professional Teaching Standards Network 1 interstate meeting
- Professional Boundaries working party 2 interstate meetings

The Director participates regularly in teleconferences with ATRA associates.

The Director participated in a range of forums facilitated by the Australian Institute for Teaching and School Leadership and the Australasian Teacher Regulatory Authority, specifically dealing with initial teacher education following the release of the TEMAG Report in December 2014.

International Federation of Teacher Regulatory Authorities Conference

The Director attended the conference *Inspiring Public Confidence*, hosted by the Ontario College of Teachers. Australian regulatory authorities were well represented and contributed to the content of the conference. Themes such as teacher mobility, challenges and opportunities in self-regulation, government relations and regulatory independence, ongoing professional competence and transparency in disciplinary processes were some of the key themes explored during the conference.

Finances

The Board is an independent statutory authority which operates on a budget provided by the Northern Territory Government and allocated by the Department of Education.

The total income from registration fees is not sufficient to enable the Board to operate with financial independence.

The total revenue from registration fees for 2014-2015 was approximately \$700 000, an increase of \$150 000 from 2013-2014.

Information technology support

While the Department of Education provides corporate services to the Board, additional support in information technology is provided by Brainware Pty Ltd and the Territory Business Centre. The past year has been focused on further development of the data base in preparation for the first full registration renewal process. This required a special grant of funds from the Department of Education.

Compliance with the *Information Act*

Overview

Type of information held

As a body corporate established by Territory legislation, the Board is a public sector organisation for the purposes of the *Information Act*.

The Board holds information relevant to the functions, services and operations of the Board as set out in this annual report.

Sasha Binks is the appointed Information Officer as she has undertaken training in this area.

Register of teachers

A register of teachers is kept by the Board. Members of the public may search the register of teachers to ascertain if a teacher is currently registered. The information accessed by this search is the teacher's name, registration number, category of registration and the date to which the teacher's registration fees have been paid.

The register may be searched via the TRB website.

The new online environment allows teachers to amend some personal details in their profile. Other inaccurate information may be corrected via contact with Board staff. No fee is incurred for these amendments.

Information access and reporting

Only applications that met the formal requirements for acceptance under the *Information Act* are counted. No request for access to government information held by the Board was received during 2014-2015.

Information privacy

The *Information Act (NT)* defines personal information as information held by Government from which a person's identity is apparent or reasonably able to be ascertained.

The Board only collects information necessary for or related to its functions, services and operations. Information may also be used for statistical, research, planning and reporting those functions, services and operations as required.

The Board respects the privacy of individuals and is committed to collecting, using, storing and managing personal information in a manner that complies with the Information Privacy Principles set out at Schedule 2 in the *Information Act*.

Records and archives management

Part 9 of the *Information Act* provides for the protection and management of records and archives by public sector organisations. The Board complies with this Part by:

- Keeping full and accurate records of its activities and operations;
- Implementing practices and procedures to safeguard the custody and ensure proper preservation of its records; and
- Making arrangements for the archives service to monitor the management of its records.

REGISTRATIONS AND AUTHORISATIONS

Strategic Objective

To maintain the standards of professional practice for Northern Territory teachers through a standards-based, regulatory framework that ensures only appropriately qualified, competent and fit and proper persons are employed as teachers in the Northern Territory.

Goals

- Maintain a robust and efficient registration system.
- Strengthen initial teacher education programs in the Northern Territory.
- Ensure only fit and proper persons maintain registration in the Northern Territory.
- Maintain a Code of Ethics.

Who can be registered?

The minimum qualification requirements for registration are met by applicants who have completed four years of approved tertiary study including an initial teaching education course. Applicants must also demonstrate they meet the English language proficiency requirement and that they are a fit and proper person.

In certain circumstances, employers are granted authorisation to employ persons as teachers who do not meet the minimum requirements for registration, but satisfy the Board they are competent to teach.

Registration fees

The annual registration fee of \$83.00 is for one calendar year, however new applicants for registration can pay for up to three years. In 2014 there were 5904 teachers who had a financial expiry of 31 December 2014. Of these teachers, 4934 paid their annual fee for the 2015 calendar year, 970 did not pay their annual fee for 2015 compared to 868 teachers who did not pay for 2014.

Number of teachers registered

The number of teachers registered to teach in the Northern Territory has increased by 41 in the past year.

June 2005	June 2006	June 2007	June 2008	June 2009	June 2010

June 2011	June 2012	June 2013	June 2014	June 2015	
6151	5884	6014	5710	5751	

Applications assessed

The Office of the Board assesses applications for registration under the provisions of the Act and in compliance with the *Mutual Recognition Act (Northern Territory) 1992* and the *Trans-Tasman Mutual Recognition Act 1997*.

A total of 844 applications were assessed this financial year, the majority under the provision of the Mutual Recognition legislation.

As is the case every year, a large number of applications were incomplete, most frequently because the applicants failed to provide the required documents. Applications are assessed only when complete and incomplete applications are not included in the final tally of 'applications assessed'.

In assessing applications for registration, the Board was presented with 35 instances of applications categorised as being 'hard' (Schedule H). These applications require additional research and are presented to the Board case by case.

While the 35 instances are recorded in Table 1, it is the case that once granted registration by the Board, the Schedule H status changes to the relevant Schedule (A, R or B) and therefore Table 2 is a true representation of the number of new teachers registered in 2014-15.

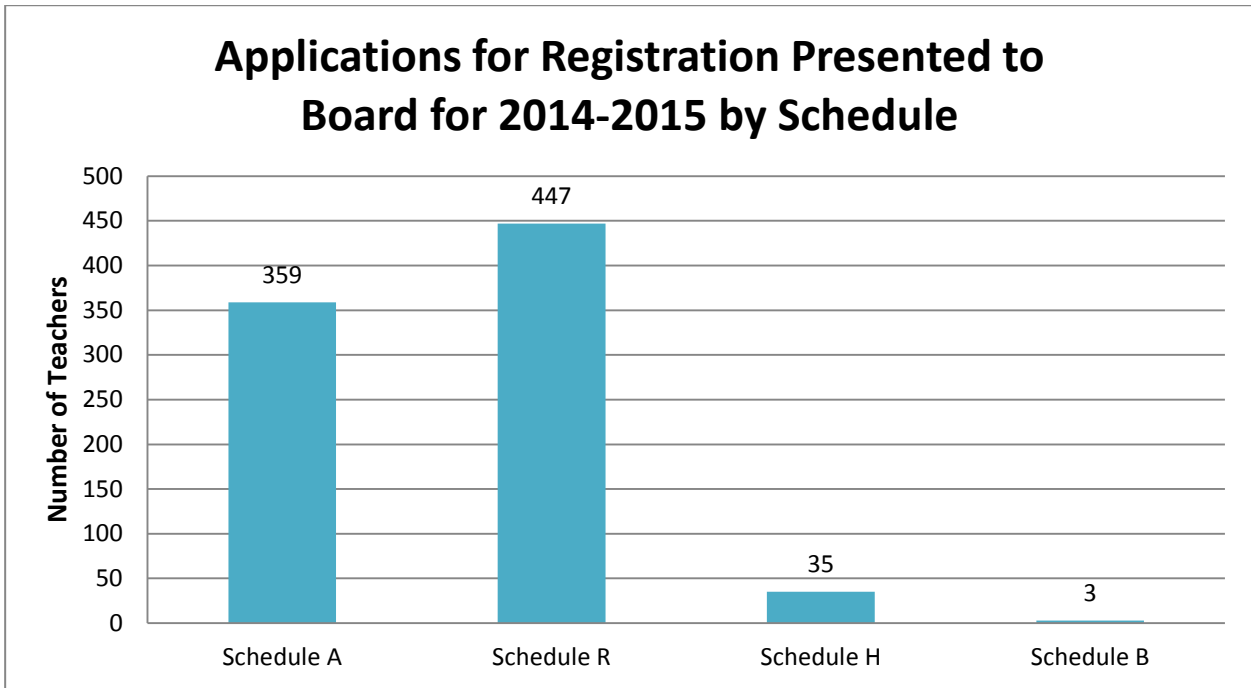

Table 1 - Applications for registration presented to Board by schedule

New registrations

In 2014-15, there were 844 new teachers registered in the Northern Territory. The majority of Mutual Recognition (MR) applicants held registration with the Victorian Institute of Teaching. There were 101 new graduates from Charles Darwin University registered as teachers.

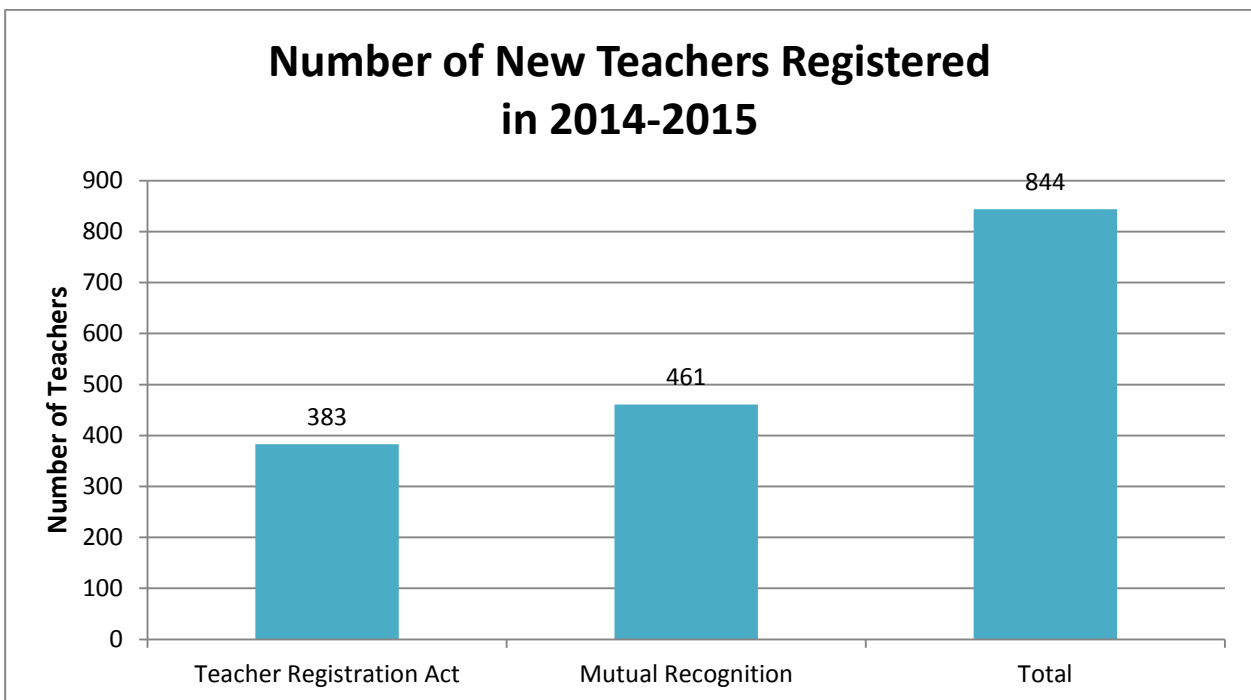

Table 2 - Number of new teachers registered

Table 3 - New teachers registered under Mutual Recognition by jurisdiction

Between 2012 and 2014 the number of new teachers registered under the MR agreement has decreased annually on average by 45 each year. In 2013-2014 the Board registered its lowest total of new applicants under MR being 384. This financial year saw the first increase in MR applicants since 2010, being a total of 461.

Profile of teachers registered in the Northern Territory

Of the teachers registered in the Northern Territory, the majority were aged between 25-34 years of age.

Table 4 - Registered teachers by age

Registration renewals

In 2014, there were 190 provisionally registered teachers who came to the completion of their first three year cycle of registration. Of these, 91 teachers did not transition to full registration and were granted a two year renewal ending 31 December 2016.

Authorisations

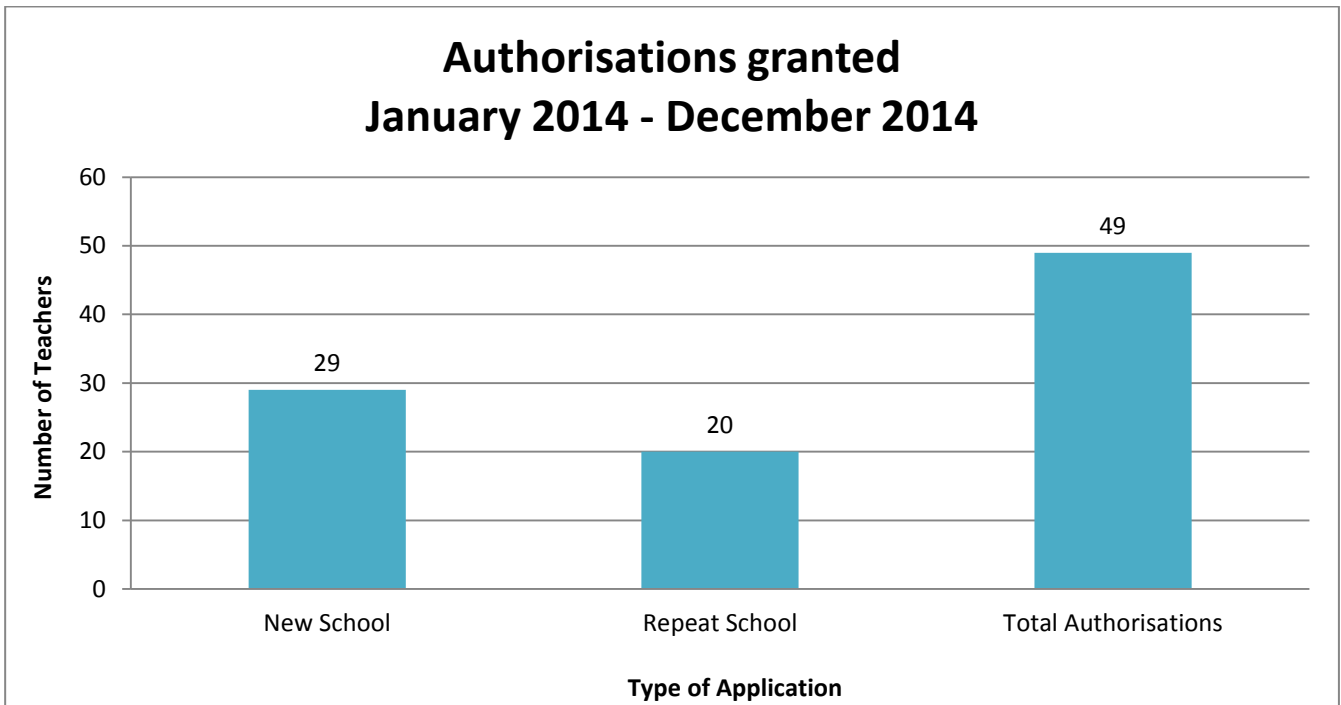

Table 8 - Authorisations granted January 2014 – December 2014

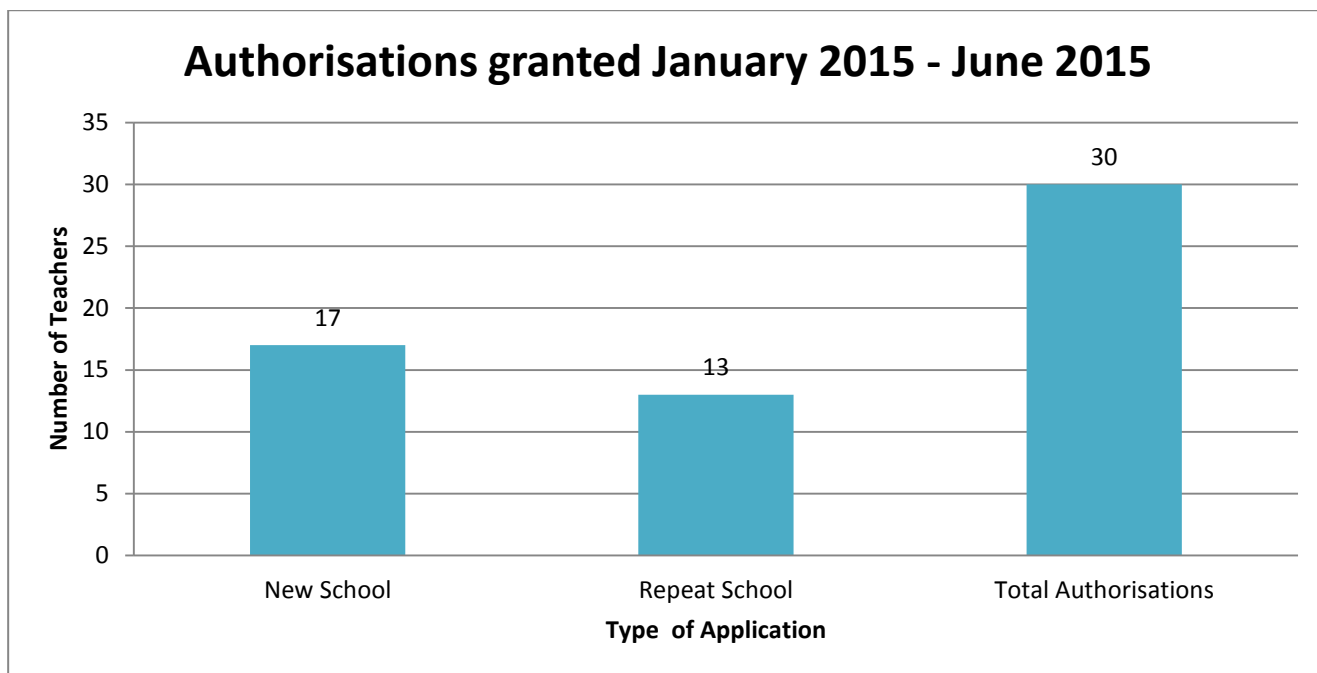

Table 9 - Authorisations granted January 2015 – June 2015

The Board grants an Authority to Employ an unregistered person for a calendar year only. In most instances, teachers employed under an authority are three-year trained, or specialists in language, music or vocational education and training. There is a special category of authorisation for Teach for Australia Associates, seven associates were granted authorisations between January 2014 and June 2015.

For the 2014 calendar year, the Board granted authorisation to 49 people to be employed in teaching positions; for the same period the Board granted 20 repeat applications for authorisation that were continued from the previous calendar year. From January to 30 June 2015, a total of 30 authorisations were granted to persons employed in teaching positions. Of this number, 17 were new applications and 13 repeat authorisations that were continued from the previous calendar year. The majority of authorisations were granted to employ unregistered persons in the government sector.

Appeals

During the 2014-15 reporting period, no applicants for registration and no registered teachers have appealed a decision of the Board.

Annual audit and compliance

Under section 78 of the Act employers are required to inform the Board of the names of all teachers employed in the school by the end of the first term of the school year. In the past the Board has been concerned with the accuracy and timeliness of some of the returns and that some employers started a teacher’s employment before registration was granted. As awareness and understanding of the requirements of the Act increases, so too does compliance.

Sixty three teachers were in breach of section 73 of the Act.

The Board noted that most instances of non-compliance were a consequence of failure to pay the annual registration fee. Where non-compliance is identified, letters are sent to relevant parties, advising them of their obligations under sections 72 and section 73 of the Act. No prosecutions were instigated.

HIGHLY ACCOMPLISHED AND LEAD TEACHER CERTIFICATION

Certification Practices

The Board is responsible for all certification processes of Highly Accomplished and Lead Teachers as described in the *Certification Guide for the Northern Territory* based on the Australian Professional Standards for Teachers as a basis for making judgements at the higher career stages across Australia.

Implementation of National Certification process

The Board is responsible for:

- Certification processes;
- Training and managing of Northern Territory nationally trained and registered assessors. The first group of Northern Territory assessors represent the Board, Department of Education, Centre for School Leadership, Catholic Education, Independent Schools and Christian Schools and participated in 50 hours of national training;
- Training future assessors;
- Data collection; and
- Reporting 'completion of certification' information to Australian Government – Department of Education and Training

Cost:

Total cost of the certification process is \$1825 (non-refundable). The process occurs in two stages:

- Stage 1: portfolio of annotated evidence against the Australian Professional Standards for Teachers at a cost of \$925.
- Stage 2: Classroom observation by a trained assessor at a cost of \$900.

Working Group: Renewal of certification

The certification of Highly Accomplished and Lead Teachers (HALT) in Australia was endorsed by Education Ministers in 2012 and commits certifying authorities to the implementation and management of national certification.

The certification of HALT in Australia states that the certification status will be granted for a fixed period of five years.

Two meetings of the Certifying Authority Network, facilitated by AITSL, established a working group to develop and communicate details of renewal processes for current HALTs. The first cohort of nationally certified HALT in the Northern Territory are due for renewal in 2017.

Working Group: Renewal of Assessor Training Program – Refresher module

The National Assessor Training program provides quality assurance and national consistency in the assessment of applications for certification at the Highly Accomplished and Lead career stages of the Australian Professional Standards for Teachers.

The inclusion of a refresher component in the Assessor Training Program has been progressed by the Network as part of the suite of moderation mechanisms designed to provide quality assurance of the certification process.

The refresher component of the Assessor Training Program will form an integral part of the moderation and quality assurance mechanisms for national certification. It will ensure that ongoing assessments of teacher practice remain rigorous, valid and credible and consistent with the agreed principles of national certification.

The refresher component does not replace the Assessor Training Program in any form, but rather it will be an integral part of the training program.

Certification Workshops

Two professional learning workshops were conducted for applicants with a focus on the requirements of Stage 1 – presentation of a portfolio of evidence of practice addressing either the highly accomplished or lead teacher standards/focus areas. The first workshop:

- Clarified processes;
- Enhanced understanding of the Australian Professional Standards for Teachers;
- Established a network of support for applicants; and
- Developed network between TRB, HALT applicants and DoE ICT team.

The second workshop became an opportunity for applicants to work collaboratively and independently to develop annotations that enhanced quality of portfolios whilst receiving feedback from other applicants and the Manager Certification.

External Consultation

KPMG was engaged by the Australian Institute of Teaching and School Leadership (AITSL) to undertake a scan of current use of e-portfolios in initial teacher education in Australia.

The Manager Certification was recommended by AITSL for contact from KPMG in recognition of her expertise in the area of portfolios evidencing practice.

DISCIPLINARY PROCEEDINGS

Strategic Objective

To maintain the standards of professional practice for Northern Territory teachers through a standards-based, regulatory framework that ensures only appropriately qualified, competent and fit and proper persons are employed as teachers in the Northern Territory.

Goals

- A robust and transparent complaints and inquiries procedure
- Ensure all registered teachers are made aware of their obligations under the Act
- Strengthen the capacity of the Board to obtain appropriate and timely legal advice
- Processing disciplinary proceedings in a timely manner

Inquiries and investigations

The Board is responsible for disciplinary proceedings in relation to registered teachers. It conducts preliminary investigations and inquiries into allegations of a teacher's misconduct or incompetence.

An inquiry or investigation may be initiated by:

- The lodging of a complaint;
- A notification from an employer;
- A notification from the Northern Territory Police;
- A notification from another teacher registration authority; or
- Information received from another source.

The Board has made considerable progress to ensure its processes for conducting inquiries and preliminary investigations are fair and pursued in a timely manner, with support from the Solicitor for the Northern Territory (SFNT) in the Department of the Attorney-General and Justice and at times barristers from private practice as referred by SFNT.

Sexual offences

If a teacher is convicted or found guilty of a sexual offence as defined in section 68 of the Act, the teacher's registration must be cancelled from the date of the conviction or finding of guilt under the provisions of section 69 of the Act. The Board will place an inquiry on hold pending the outcome of a trial in relation to a sexual offence.

Statutory rights and responsibilities

The Board will continue to promote compliance and engagement to ensure teachers and employers are aware of their statutory rights and responsibilities.

Inquiries

In circumstances where the Board decides to hold an inquiry, it must appoint an Inquiry Committee to conduct the inquiry. The Inquiry Committee must comprise a chairperson (legal practitioner who has practised as a legal practitioner in Australia for at least five years) and two members of the Board. During this financial year, the Board was ably assisted by Ms Sonia Brownhill, Barrister (William Forster Chambers) and Greg Macdonald (SFNT).

The following Board members have represented the Board on at least one Inquiry Committee this financial year:

- Elsabe Bott
- Bernie Gleeson
- Louise Corrigan
- Stephen Nimmo
- Claire Kilgariff
- Peter Kell
- John Metcalfe
